Resolved, That Assembly No. 376 be transferred from the Education Committee to the Banking and Insurance Committee.

The Clerk read the following message from the Governor:

STATE OF NEW JERSEY
OFFICE OF THE GOVERNOR
February 23, 1978.

To the General Assembly:

I hereby submit to you a plan of reorganization for the Urban Loan Authority and Area Redevelopment Authority pursuant to the Executive Reorganization Act, Chapter 203, Laws of 1969. This reorganization plan abolishes both the Urban Loan Authority in the Department of Community Affairs and the Area Redevelopment Authority in the Department of Labor and Industry and transfers their respective functions, powers and duties to the Economic Development Authority in, but not of, the Department of Labor and Industry.

The reorganization plan is designed to improve governmental productivity, streamline governmental procedures, and expand employment and economic growth, especially in urban areas. In its brief period of existence, the New Jersey Economic Development Authority has become the dominant and most successful State agency for providing financial assistance to business. The consolidation of governmental activities proposed by this reorganization plan will achieve a more coordinated and coherent formulation and administration of financial assistance programs available to New Jersey businesses. State efforts to expand employment, promote economic growth, and revitalize urban economies will benefit from better planning and more efficient administration. Also, businesses seeking financial assistance would no longer deal with more than one State financial assistance agency; ''one-stop shopping'' will be available. This proposed consolidation of financial assistance programs also is desirable because of the Economic Development Authority's expanded efforts to promote economic growth in our cities.

This plan will substantially improve the ability of the State to meet the economic and employment needs of New Jersey and its cities.

The Urban Loan Authority in the Department of Community Affairs is hereby abolished and all functions, powers and duties of said authority are hereby transferred to the New Jersey Economic Development Authority in, but not of, the Department of Labor and Industry. The Area Redevelopment Authority in the Department of Labor and Industry is hereby abolished and all functions, powers and duties of said authority are hereby transferred to the New Jersey Economic Development Authority in, but not of, the Department of Labor and Industry.

The Urban Loan Authority, established pursuant to the Business Incentive Loan Act, P. L. 1969, c. 202, as amended (C. 52:27D–71 et seq.) provides loans, loan guarantees and technical assistance to businesses which are unable to obtain necessary financing on reasonable terms and are located in areas of high unemployment. The Area Redevelopment Authority, established pursuant to the New Jersey State Redevelopment Assistance Act, P. L. 1962, c. 204, as amended and supplemented, provides financial assistance to local area redevelopment agencies for projects which will expand employment opportunities and improve economic conditions in local redevelopment areas.

The Economic Development Authority, which was created in 1974, has facilitated tax exempt financing and, in some cases, provided loan guarantees for commercial and industrial development and capital facility improvements. The Economic Development Authority activities have substantially expanded employment opportunities and economic growth, with many benefits accruing to urban areas of high unemployment. During the few years of its existence, the Economic Development Authority has become by far the most successful, expert, and dominant financial assistance agency in State government. By abolishing the smaller Urban Loan Authority and Area Redevelopment Authority, and transferring their respective functions, powers and duties to the Economic Deevlopment Authority, the State can more effectively support employment growth and urban economic revitalization. Also the expanded urban economic development role which has been assumed by the Economic Development Authority should incorporate the parallel activities of the Urban Loan Authority and Area Redevelopment Authority.

This reorganization plan concentrates economic development financial assistance functions in a single, effective agency; it eliminates duplication of effort by cabinet officers and staffs serving on the different authorities; and it streamlines financial assistance procedures by eliminating multiple applications for financial assistance procedures by eliminating multiple applications for financial assistance and multiple loan reviews by the different staffs.

In accordance with the provisions of the Executive Reorganization Act of 1969, P. L. 1969, c. 203 (C. 52:14c–2), I find and declare that these abolitions, transfers and reorganization are necessary:

1) to promote the more effective management of the Executive Branch;

2) to reduce expenditures and promote economy to the fullest extent practicable;

3) to increase the efficiency of the operations of the Executive Branch to the fullest extent practicable;

4) to group, coordinate, and consolidate agencies and functions of the Executive Branch, as nearly as practicable, according to major purposes;

5) to reduce the number of agencies by consolidating those having similar functions under a single head, and to abolish such agencies as may not be necessary for the efficient conduct of the Executive Branch; and

6) to eliminate overlapping and duplication of effort.

All acts and parts of acts inconsistent with any of the provisions of this reorganization plan are superseded to the extent of such inconsistencies. All transfers directed by this reorganization plan shall be effected pursuant to the "State Agency Transfer Act," P. L. 1971, c. 375 (C. 52:14D-1 et seq.).

Sincerely,

BRENDAN BYRNE,
Governor.

ASSEMBLY RESOLUTION

By Assemblymen Adubato, Cali,

WHEREAS, Citizens of a world seemingly sated by senseless acts of violence and destruction bear shocked witness, in the murder of Aldo Moro, former Premier and most distinguished leader of Italy, to yet another manifestation of the descent of man from noble democratic purposes to base totalitarian pursuits; and,

WHEREAS, Mere words, the very contemplation of which calls for logic and reason, cannot serve to convey the contempt of all civilized beings for the perpetrators of this act of consummate savagery undertaken in the total absence of logic and reason; and,

WHEREAS, The loss of this great man of peace has diminished us all, and it is incumbent upon all men of faith and good will to heed well the bell that tolls today in Italy for the late and much lamented Aldo Moro, and to hear in its mournful reverberations the summons to renew our commitment to the noble democratic ideals to which he devoted, and for which he ultimately gave, his life; now, therefore, *Be It Resolved by the General Assembly of the State of New Jersey:*

That this House, dismayed at the senseless act of cowardly violence which has deprived the nation of Italy, and, indeed, all the civilized world, of a leader of honor, integrity and great distinction, extend its sincerest condolences to the family of the martyred Aldo Moro and to the government and citizens of Italy, and pledge that from this tragedy the members of this House recognize the need for all men of peace to renew their commitment to those democratic ideals without which all contemporary civilization is impossible; and,

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
September 18, 1978.

ASSEMBLY BILL NO. 60

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(a) of the Constitution, I am herewith returning Assembly Bill No. 60 without my approval.

Assembly Bill No. 60 would require the driver of a school bus involved in an accident resulting in injury or any amount of property damage to give immediate notice to the local police and to prepare a written report within five days to the Division of Motor Vehicles with a copy to the Department of Education. The bill further requires the Division of Motor Vehicles to maintain a separate file on school bus accidents and to report annually to the State Board of Education and the Legislature.

School bus accidents involving injury or more than $200 of property damage must currently be reported to the Division of Motor Vehicles; accidents involving less than $200 damage must currently be reported to the County Superintendent and the Department of Education. In addition, the

Department of Education currently maintains a file on both major and minor school bus accidents.

After careful review, I have concluded that this bill would require duplicative filing and reporting of minor accidents with little likelihood of preventing such accidents.

I am, therefore, returning Assembly Bill No. 60 without my approval.

Respectfully,

[SEAL] /s/ BRENDAN BYRNE,
Governor.

Attest:
/s/ ROBERT E. MULCAHY, III,
Chief of Staff, Secretary.

Mr. Burstein moved that the message be spread in full upon the minutes.

Which motion was adopted.

The Clerk read the following message from the Governor:

STATE OF NEW JERSEY,
EXECUTIVE DEPARTMENT,
September 18, 1978.

ASSEMBLY BILL NO. 426 (OCR)

To the General Assembly:

Pursuant to Article V, Section 1, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 426 (OCR), with my objections, for reconsideration.

This bill would require the Director of the Division of Motor Vehicles to provide a person making application for a driver's license, or renewal thereof, a card which can be attached to the driver's license designating that the driver is a donor of all or any body organs pursuant to the "Uniform Anatomical Gift Act," N. J. S. A. 26:6–57 *et seq.* The card itself would, when properly completed, serve as the authorization for an organ to be removed, subject to the provisions of the "Uniform Anatomical Gift Act."

The basic concept of this legislation is sound. The bill as drafted, however, could be misconstrued. Section 1(b) of the bill provides that "The designation upon the card shall constitute sufficient legal authority for the removal of a body organ or part upon the licensee's death . . ." This language is confusing in that the "Uniform Anatomical Gift Act" should clearly govern. The section should, therefore, be amended to clarify that the card provided under this bill meets the requirements of the document required under N. J. S. A. 26:6–60(b) of the "Uniform Anatomical Gift Act."

In addition, to make this bill as effective as possible, I recommend that Section 1 of the bill be amended to provide that the card be sent out with the license itself, rather than with the application, to minimize the possibility that the card will be lost or discarded before the license ever arrives.

Accordingly, I herewith return Assembly Bill No. 426 for reconsideration and with the recommendation that it be amended as follows:

Page 1, Section 1(b), Line 13: After the word "card," insert "completed pursuant to the requirements of N. J. S. A. 26:6–60(b),"

Page 1, Section 1, Lines 2-4: Delete "a person making application for a driver's license, or renewal thereof,"

Page 1, Section 1, Line 2: After the word "provide," insert "with every new license or renewed license".

Respectfully,

[SEAL] /s/ BRENDAN BYRNE,
Governor.

Attest:

The Clerk read the following letter from the Governor:

STATE OF NEW JERSEY
OFFICE OF THE GOVERNOR
TRENTON

September 18, 1978

To the Speaker and Members of the New Jersey Assembly:

Pursuant to c. 203, P. L. 1969 (C. 52:14C–1 et seq.), known as the "Executive Reorganization Act of 1969," I submit herewith a reorganization plan for the Board of Public Utilities in the Department of Energy and the Commuter Operating Agency in the Department of Transportation.

Sincerely,

BRENDAN T. BYRNE,
Governor.

To the Senate and General Assembly of the State of New Jersey:

It is my pleasure to submit to you a plan for reorganization of certain functions and duties of the Board of Public Utilities relating to autobus and rail carriers to be transferred to the Department of Transportation pursuant to the Executive Reorganization Act, Chapter 203, Laws of 1969.

Currently, the Commuter Operating Agency of the Department of Transportation has contractual control over the fares, routes and schedules of all autobus and rail carriers receiving State financial support. The Board of Public Utilities of the Department of Energy has regulatory jurisdiction over some aspects of the operations of carriers under contract with the Commuter Operating Agency. Similarly, the Department of Transportation has safety jurisdiction over railroad grade crossings and certain railroad bridges while the Board of Public Utilities retains jurisdiction over autobus safety, track safety and railroad bridges over navigable waters. This split in regulatory jurisdiction is confusing, inefficient and duplicative and has hindered the development of a rational public transportation system in the State.

Pursuant to the Department of Energy Act (P. L. 1977, c. 146), the Commissioner of the Department of Energy was directed to consult with the Director of the Division of Energy Planning and Conservation, the Board of Public

Utilities, the Attorney General and the commissioners of appropriate executive departments and then submit a report to the Legislature and Governor identifying those functions and duties currently executed by the Department of Energy which might be appropriately transferred to other departments.

In the report filed with the Governor and Legislature in January, 1978, the Commissioner of Energy has recommended that all of the functions and duties of the Board of Public Utilities relating to autobus and rail carriers be transferred to the Department of Transportation. The Commissioner of Energy determined that such a transfer would consolidate the State's transportation responsibility for regulation, planning, development and promotion in the Department of Transportation. Such a consolidation will allow the State to develop a rational public transportation system and a unified policy toward public transportation problems. This reorganization plan implements the recommendations of the Commissioner of Energy by transferring all of the Board of Public Utilities' functions and duties relating to autobus and rail carriers to the Department of Transportation.

Sincerely,

BRENDAN T. BYRNE,
Governor.

REORGANIZATION PLAN FOR THE BOARD OF PUBLIC UTILITIES AND THE DEPARTMENT OF TRANSPORTATION

The functions, powers, and duties including, but not limited to, investigatory and punitive powers heretofore exercised and performed by the Board of Public Utilities pursuant to the provisions of Chapters 4, 12, and 15 inclusive of Title 48 of the Revised Statutes, as amended and supplemented, and the provisions of Chapters 2 and 3 of Title 48 of the Revised Statutes, as amended and supplemented as they apply to autobuses, charter and special bus operations, railroads, street railways, traction railway and subways (except that no function, power or duty set forth in P. All appropriations, grants, and other monies available to and to become available to the Board of Public Utilities attributable to and derived from the functions, powers, and duties which have been transferred by this plan to the Department of Transportation are hereby transferred to the Department of Transportation and shall be available for the objects and purposes for which appropriated or otherwise made available subject to any terms, restrictions, limitations or other requirements imposed by the State or Federal Law.

Such employees of the Board of Public Utilities engaged in the functions, powers, and duties which have been transferred by this reorganization plan are hereby transferred to the Department of Transportation.

With respect to the functions, powers and duties hereby transferred to the Department of Transportation, whenever in any law, rule, regulation, contract, document, judicial or administrative proceeding or otherwise, reference is made to the Board of Public Utilities, the same shall mean and refer to the Department of Transportation.

However, upon completion of the hearings and proceedings before the hearing officer and unless waived by the parties or certified to the Department of Transportation by its own action, the hearing officer shall make his report and recommendations to the Department, serving copy of said report and recommendations upon all parties, who have participated in the hearings as provided in the Rules of Practice. With respect to such hearings, whenever reference is made to the Board of Public Utilities it shall mean and refer to the Department of Transportation.

Unless specifically otherwise provided in this reorganization plan or by an operative law, whenever, pursuant to existing law, consents, approvals, reports, certifications, petitions, applications, or requests are required from or permitted to be made to the Board of Public Utilities relating to those functions, powers, and duties which are transferred by this reorganization plan, such consents, approvals, reports and certifications shall hereafter be required to be filed with, and such petitions, applications or requests shall hereafter be made to the Department of Transportation to which such transfer has been made under this reorganization plan.

The transfer directed by this reorganization plan with respect to the Board of Public Utilities shall be made pursuant to the ''State Agency Transfer Act,'' P. L. 1971, c. 375 (C. 52:14D-1 et seq.).

If any provisions of this reorganization plan or the application thereof to any person, or circumstances, or the exercise of any power, or authority thereunder is held invalid or contrary to law, such holding shall not affect other provisions or applications of the reorganization plan which can be given effect without the invalid provisions or applications or affect other exercises of power of authority under said provisions not contrary to law, and to this end, the provisions of this reorganization plan are declared to be severable.

This reorganization plan is intended to protect and promote the public health, safety and welfare, and shall be liberally construed to obtain the objectives and effect the purposes thereof.

All acts and parts of acts inconsistent with any of the provisions of this reorganization plan are superseded to the extent of such inconsistencies. Any provisions of this plan which conflict with Federal law are null and void.

In accordance with the provisions of the Executive Reorganization Act of 1969, P. L. 1969, c. 203 (C. 52:14C–2), I find and declare that this transfer and reorganization is necessary:

Such a request for a fiscal note shall be processed in the manner prescribed by Rules 15:2a through 15:2g.

October 19, 1978.

Assembly Bill No. 543

To the General Assembly:

Pursuant to Article V, Section I, Paragraph 14(b) of the Constitution, I herewith return Assembly Bill No. 543, with my objections, for reconsideration.

The question addressed by this bill is whether cranes used in the loading and unloading of containerships are personal property or real property for the purpose of taxation. The bill provides for the assessment and taxation of the cranes as tangible personal property used in business rather than as real property. The effect of the bill would be to exempt such cranes from taxation as real estate.

The bill seeks to clarify a situation which is the subject of an appeal pending before the Supreme Court of New Jersey in *City of Bayonne v. Port Jersey Corporation and Global Terminal and Container Services, Inc.,* App. Div. No. A-3133-75 (decided June 27, 1977), certif. granted, 75 *N. J.* 533 (1978). That case challenges a determination by the City of Bayonne to tax containerport cranes within that municipality as real estate. With the exception of Bayonne, containerport cranes in New York and New Jersey are either taxed as business personal property or are tax exempt by reason of public agency ownership. Global Terminal, the owner of the cranes in the case before the Supreme Court, has argued that the imposition of a real estate tax many times greater than the taxes paid by other private owners similarly situated would impose an undue hardship on it, would undermine its ability to compete and would result in the loss of jobs.

However, the City of Bayonne imposed the real estate tax in good faith and has carried the tax due on its books. It would be unfair for me, in view of the pending case before the Supreme Court, to deprive Bayonne of taxes already due. That issue is better left to the Supreme Court.

While I agree with the intention of Assembly Bill No. 543, I do so with the reservation that the retroactive portion of the bill should not be enacted. Accordingly, I am returning Assembly Bill No. 543 for reconsideration with the recommendation that it be amended as follows:
